Any and all such goods are sold upon the express condition and understanding that in case any of them prove to be untrue to name, unhealthy or otherwise defective, I shall not be held responsible for a greater amount than the original price of the goods.

All claims for errors, deductions, etc., must be made immediately upon receipt of goods.

Terms Cash, except by special agreement.

Transportation at purchaser's risk and expense. Packing done in best manner at moderate cost. Grades carefully made to a high standard of excellence.

My stock has been examined by our State Entomologist, and found to be entirely free from San Jose Scale and other dangerous insects and plant diseases. A copy of the official certificate will be sent to each purchaser.

## EVERGREEN TREES AND SHRUBS

I have for the past five years been devoting an increasing attention to this department. By root pruning annually and transplanting every two or three years, as well as by the systematic pruning of the branches and the giving of sufficient space to each plant to develop it symetrically, I am able to offer blocks that cannot be excelled in quality. I now have twenty-five acres devoted to this department. I extend a cordial invitation of inspection.
